

Getting My Driver's License

Steps to take:

- Go to the Driver's License Bureau & get the Book that explains Driving Rules and Road Signs
- Study the Driving Rules
- Get a Learner's Permit
- Obtain Insurance Coverage for myself as the Driver
- Get a Parent or Adult to help me practice driving
- Take my Driving Test

To pass the driving test, I must:

- Know how to safely operate the car I will be driving
- Know how to read & obey Road Signs
- Know how to drive on the open road
- Pass an Eye Exam
- Pass an exam about "Rules of the Road"

You might want to take a Driver's Education class in school
